## Finance Assessment - Bank Industry

# Establishing digital roadmap using DT assessment

Using finance assessment (bank), we analyzed
the DT level of bank's business processes,
and drew implications.
DT success factor was suggested by analyzing
the survey results and
interviews of working-level employee,
and DT roadmap was established.

Finance Assessment Framework

DT Maturity

Digital Technology · BlockChain Technology · Cloud Infra · Process · Data Analytics · Product & Service · Security · Internet Of Things · Sales and Governance · Digital Strategy · Artificial Intelligent
