

SAMSUNG SDS

Tablet Branch

Powered by Nexsign

Branch Anywhere, Engage with Customers Everywhere

Samsung SDS Tablet Branch supports the outdoor financial institutions using tablet devices. Samsung SDS Tablet Branch provides holistic branch mobility to minimize paperwork and to be alerted when your customers need help.

Holistic Branch Mobility

Secure workspace with Knox container and EMM

Ensure end-to-end security enhancement

Extended Branch Reach

Engage with new customers on-site

Complete paperless contracts seamlessly

Robust Non-Repudiation

Reduce repudiation on e-contracts by combining biometric authentication and e-signatures
