

SAMSUNG SDS

Tablet Branch

Powered by Nexsign

Branch Anywhere, Engage with Customers Everywhere

Samsung SDS Tablet Branch supports the outdoor sales for financial sales-services with tablet. Samsung SDS Tablet Branch provides holistic branch mobility, as a way to do away with pesky paperwork and to get alerts when self-service customers need help.

Holistic Branch Mobility

Secure workspace by Knox container and EMM

Ensure end-to-end security enhancement

Extended Branch Reach

Real time professional Q&A on-site with video conference

Seamless and paperless contract completion

Robust Non- Repudiation

Provide non-repudiation on e-contracts by combining biometric authentication and e-signature
